

Intensive Care Prone Positioning Kit

ICU Face Support Base & Face Cushion

Your patient's ET tubing will have sufficient room to hang free without the risk of being tangled. Supplied with mirror to view patient's eyes and ET tubes.

Product Codes

Face Support Base: FSB-127-02
Prone Face Cushion, Large: CL-10
Prone Face Cushion, Small: CS-10

**Only available in blue*

Chest & Pelvic Dome Supports

Both the Chest and the Pelvic Dome Support Cushions have a soft memory foam top to reduce the risk of your patient suffering pressure related injury.

Product Codes

Dome Chest Support, Large: DMCC-01
Dome Pelvic Support, Large: DMPC-01

Extra Large & Low Profile versions also available.

Prone Leg Supports

The Prone Leg Support provides correct elevation and hip flexion for your patient, while allowing their feet to rest safely avoiding nerve related injury.

Product Codes

Prone Leg Support, Large: LSD-150-LB
