**Navina™**

## About Navina™ Classic

Navina™ Classic is intended to assist adults and children who suffer from faecal incontinence, chronic constipation and time-consuming bowel management by enabling patients to take back control of toileting routines, allowing more time for life.

We offer a personalised training session with our healthcare professional who is specialised in transanal irrigation (TAI) with the Navina™ Classic system.

### \*About the offer

Notify Medioplast Australia within 30 days of purchase for either a \$240 credit towards your next order to continue using Navina™, or to request a full refund if the product is not suitable. Refunds will be made in the same form as your original payment within 1 week of notification.
